|-----------|--|
| TOPIC #1 | We had no agenda prepared for this meeting |
| PRESENTER | Mayor Cole 4:14 |

| | |
|----------------------|--|
| NOTES/OUTCOME | <p>A general discussion was held to establish an agenda for our next meeting. Future Topics should include:</p> <p>City Hall Name</p> <p>City Hall RFP for the sale of this property</p> <p>What is a personal interest/conflict of interest?</p> <p>Rules of procedure such as how is the agenda prepared.</p> <p>Emergency response procedures as determined by KC Williams</p> <p>We next talked about the name of the Stillwater Building. The only name that was talked about the most was (City Hall. The discussion then continued to what should the County call the building or if we lease a floor. No name was determined.</p> <p>Then discussion on the issue of jail overpopulation started. Mike Boyett made the comment that the County Commissioners would like a copy of the RFP that the city had issued for a review of our court procedures'. Chris Kukulski stated that he would follow through with that request. Discussion then led to a talk about a mobile or portable jail type facility to hold misdemeanor people vs felony people.</p> <p>4:42</p> <p>We discussed the sale of the old city hall and the fact the NAI had issued the sale of this property. The RFP was due back by 6-12-23, We will again meet then to go over the results.</p> <p>4:47</p> <p>Rules of conflict-of-interest discussion was made, and we all agreed that with the fact that we need more information from our legal department, Gina Dahl. We would like the State of Montana regulations and better examples of how and when the council should act.</p> <p>We need definitions, examples, and state law for our next meeting on the 28th.</p> <p>The mayor then stated that the issue of our recent gun ordinance has come up and we need to place permanent signs explaining this new ordinance even though we do not have a policy stating that signs are required. We plan to have our next meeting on the 28th of this month.</p> <p>The meeting was concluded at 5:19pm</p> |
