TOPIC #2	RFP for city property
PRESENTER	Matt Robertson, NAI

<b>NOTES/OUTCOME</b>	<p>Discussion around the table lasted for over one hour. Not decisions were made other than we needed more information. As there was only one bid for city hall which included the two parking lots, we felt we need additional questions asked.</p> <p>The questions are:</p> <ol style="list-style-type: none"> <li>1. Does Honaker Reality need the South Parking Lot and if so for what and how long?</li> <li>2. What would Honaker do with the Old City Hall as it was not defined in the RFP?</li> <li>3. If Honaker would allow the City Of Billings to lease a portion of the parking garage for our needs? Do they need all the 256 parking spaces?</li> <li>4. If we sold the south lot to BFD Development, how many parking spaces do they need in the city parking garage next to Wells Fargo. As, we need to know if there are available space to lease in the garage at the present time.</li> <li>5. We the city need to know more about the scoring method of determining the cost of the parking garage as this appears to the most value of the old city hall property.</li> <li>6. We, the city, would also like to ensure that there is a timely deadline to start construction if Honaker wins the bids.</li> </ol> <p>Finally, the committee believes that a better counteroffer should be presented to Honaker when the time arrives.</p>

<b>TOPIC #4</b>	<b>Review of RFQ for real estate brokerage services</b>
<b>PRESENTER</b>	George Warmer
<b>NOTES/OUTCOME</b>	<p>George questioned why NAI was chosen to sell the city property and gave several minutes of what he thought the procedure should be. Jessica Fust then read from the document that the RFQ was really a RFP and that she and the city did what is legal and that she thought she was correct in hiring NAI. George's real issue was that going forward the city should look into the way it hires realtors.</p> <p>No other results for considered.</p> <p>Meeting was concluded at 5:50pm</p>

- Public Comment: George stated that he liked the committees method of talking about how to sell city property and thanked us for allowing him to be there.**
