<b>TOPIC # 1</b>	Chief Banfield - update on CRU/MRT funding and legislative needs
<b>NOTES / OUTCOME:</b>	<p>The total conversation revolved on Medicaid reimbursements. Assistant Chief Banfield presented and answered questions regarding our Crisis Response Teams (CRU's). The system is currently being funded through a combination of local funds, federal/state grants (2 yrs) and our partnership with Rimrock. The CRU's have done a lot in the short time in service and the Chief did recommend that we the city add an additional unit in the future. However, the assumption is that in order to be sustainable we will need Medicaid reimbursements to reimburse us for legitimate medical services we are now providing at the local level.</p> <p>He also said they are looking into billing insurance companies for car accidents and medical facilities for helping with patients. The only billing that is not allowed is in the fighting of fires. The CRU has received approximately 700 calls since Oct 2<sup>nd</sup> of 2023. They have averaged 45 per call with a response time of 17 minutes of travel. About half of the calls have come from the PD.</p>
