DIRECTORS REPORT:

Updates:

- Disc golf: The disc golf group will be re-installing the 9-basket course at the top of Phipps Park. Baskets will not be placed in the fall zone area.
- Council Meetings: Staff will do a presentation on October 21. Recreation & Wellness Specialist Jenn Brown will be making her presentation on the Senior/Community Center. It was noted there is currently an initiative from City Council Member Mike Boyet to eliminate the community center/PRPL office building and build affordable housing once part of the office staff has moved into the new city hall. This would mean no more senior/community programming from this building and would eliminate offices for seven of our staff members.
- Employee Recognition of Parks Senior Equipment Operator Shawn Stringer. He has been with the city for over thirteen years as a parks maintenance person. More recently he has become a senior operator and has really shined in that position. He shows himself to be a caring and dedicated individual to his job.
- Introduced newly hired Gayle Lam. She will be the Urban Forestry IRA Grant Technician starting Monday October 14. Her background is an educator for School District 2 and is the mother former Parks Police Officer Nick Lam.
- Grant Program is active again. Grant applications are due by the end of December.
- Cemetery Supervisor Brandon Schmidt is working on the Memorandum of Understanding with Pedal United for the state land back behind Reberg Ranch to do trails.

PUBLIC/BOARD COMMENT:

Public attendee Rick DeVore made a request to have the Matching Grant application reduce the minimum grant award amount of \$10,000 to either a smaller amount or to zero. He feels the smaller amount would open the door for groups like Billings Little League or Friends of Billings Dog Parks to apply for grant for their smaller projects.

Chairman MacLean asked why the amount was set at \$10,000. Mr. Pigg said it was due to the number of projects the department could handle. It would be easier to handle a few larger projects than to handle a bunch of smaller ones.

The board discussed making an addendum to the application to allow groups to apply for a smaller amount on a project.
