Staff has met with the City's Engineer on the project along with TDS representatives to discuss the situation.

F. Coulson Park – Park Planner Brad Wright

Parks Planner Wright said the Coulson Park Bike Pump project is currently on hold. Mr. Wright said the department is not against doing the pump track. He said there has been some communication issues with the Jason doing the pump track. He expressed there needs to be a construction plan in place before moving forward. Dianne Lehm from Big Sky Economic Development has been the lead on getting this project funded and communicating with Jason who is doing the work. She said Jason and his crew have indicated they can do the work and could have it finished in about 4-6 days. She said there are funds to do the project. Ms. Lehm also discussed Peddles United possibly handling the maintenance of the track.

Mr. Wright said staff along with Dianne and Jason should sit down and have discussion and put a plan in place with a timeline. Mr. McQuillan said we need to have clarity of the project.
