B. Parks and Recreation Funding:

Mr. Whitaker put together a draft presentation on Park District Talking Points. He touched on the following points:

- Pat Weber, City's Finance Director and the bond council, recommended that we assess based on property valuation. Board member Margy Bonner asked if this would take out the non-profits. Mr. Whitaker said yes. Board member Rick DeVore asked if Rimrock Mall would have to pay. Mr. Whitaker said yes.
- If we move forward on the assessment district and it is voted in by the end of this year, we will not receive any funds until December 2012. A comment was made about borrowing money before December 2012 if this levy should pass. Mr. Whitaker said that is true. He said once this passes we can borrow from the city and pay it back when the funds came in.
- A three spending plan will be provided to City Council. The plan will be looked at every year. Mr. Whitaker said we should plan three years ahead.
- PRPL will provide City Council a plan in three years on how to dissolve/reduce current PMD's that are not funding unique enhancements. Board member Margy Bonner suggested changing the wording on the presentation from "PRPL will provide City Council a plan in three years" to "Parks and Recreation will continue to study; report to City Council no later than". Mr. Whitaker will re-word this sentence and bring it back to the board at the next meeting.

- City Council will vote on November 14th on the intent to create a Park Maintenance District and the final vote on the district will happen December 19th. Public notices will go prior to November 14th.

Board member Margy Bonner moved that we the Park Board, forward to City Council, the request that they move forward on a two million dollar annual park assessment based on the property valuation and that the time schedule move forward such that the process could be complete by December 31, 2011.
