There was discussion on the pros and cons for each option. Rupert also discussed project cost estimates for each of the options, as well as possible project schedules. It was noted that the next step would be for the City to analyze the financial mechanisms to cover the costs of the project, preparatory to meeting with Gainan’s.

**Strategic Planning Process**
Cochran reported that the City Council had adopted the FY10 budget which included funding for a 25 year strategic plan for the Library. Cochran noted that the Library would contract with the City/County Planning Department as well as a library consultant. It is anticipated that the plan will be completed in time for the FY 2011 budget process. Cochran asked how the Board’s current Facilities and Funding Committees would relate to the planning process. There was some discussion about the potential for the work of the Committees to be encompassed within the new Strategic Planning Committee.

**Nominating Committee**
Hines appointed Laszlo and McKinney to participate on the Nominating Committee.
