## **Billings Metro VISTA Project Members have played an essential role in the program expansion of Big Brothers Big Sisters of Yellowstone County!**

Billings Metro VISTA Project members have been serving with Big Brothers and Big Sisters of Yellowstone County (BBBSYC) to help expand their reach throughout the communities in Yellowstone County. B-MVP members assisted BBBSYC in establishing school-based one-to-one mentorship programs in the communities of Shepherd and Lockwood, Montana as well as in developing programming for workplace mentorship. These B-MVP members assisted in diversifying and increasing opportunities for low-income youth to access mentorship programs during their service.
