

ADDENDUM NO. 1

August 16, 2022

PROJECT: Request for Qualifications for City of Billings W.O. 19-12: West End Reservoir Project

OWNER: City of Billings

TO: ALL INTERESTED CONTRACTORS

The following corrections, clarifications, adjustments, and/or alterations to the Request for Qualifications (RFQ) are as much a part of the RFQ as if included therein. Interested GC/CM contractors shall acknowledge receipt of this and any additional addenda in their RFQ transmittal letter.

The RFQ is modified as follows. All other items will remain unchanged.

1. Under **SECTION 3.3 GC/CM Responsibilities – Phase 1 Preconstruction**, add the following paragraph to the end of the section:

Describe the firm's approach to developing GMPs for portions of the work and the entire project. Discuss the benefits and risks to early (30% and 60%) GMP agreements.

2. Under **SECTION 4.3 A. Previous Performance/Experience (10 points)**, replace the entire paragraph with the following:

Provide a list of active and/or recently completed GC/CM projects, collaborative delivery water reservoir projects similar in scope and size to this project, and relevant projects completed for the City and Engineer. Describe experience on large scale excavation and backfill projects, including associated groundwater management systems. Describe experience constructing systems to contain stored water, including the processing of shale for reservoir embankments.

Project descriptions should include start and completion dates (or anticipated completion date), budget, owner, owner performance evaluation (if available), name and telephone numbers of owner's project representative and names of GC/CM team members that performed GC/CM activities. Include examples of service provided to ensure best value for the clients. Past experience may be drawn from projects contracted by the City, private industry or other local governments.

3. Under **SECTION 4.3 B. Firm Information and Key Project Staff (10 points)**, add the following sentence to the end of the section:

Discuss the firm's availability and schedule to begin and complete the project.

Randy Straus, PE
Project Manager
City of Billings – Engineering Division

NOTE: This Addendum must be acknowledged in the transmittal letter submitted with the Statement of Qualifications
