## *City of Billings - Coronavirus Response Initiative*

**Billings Metro VISTA Members reduced the transmission of COVID-19 by promoting access to education, prevention, and intervention resources.**

From 2020 to 2022, the Billings Metro VISTA Project's initiative with the Community Development Division alleviated the disproportionate economic and health impacts of the COVID-19 pandemic on low-income community members.

This project involved conducting community assessments, developing volunteer infrastructure, raising awareness, and leveraging financial resources.
